IDENTIFIERS	*Minnesota

ABSTRACT

This report presents data tables on fall 1999 enrollment at Minnesota's public and private postsecondary education institutions. An introduction and glossary precede the body of the report, which has four parts: (1) five-year summaries for each postsecondary institutions, including total enrollment, male and female enrollments, new entering student enrollments, and totals by type of institution; (2) residence data, including county of residence for new entering students and residency by state and foreign country for out-of-state students; (3) data on participation in postsecondary education, including participation rates of 1999 Minnesota high school graduates, distribution of new entering students by year of high school graduation, and participation rates by county of new entering students; and (4) enrollment data for each institution, summarized by level of study, gender, and full- or part-time status. (Contains 24 tables.) (SLD)

Introduction

The Minnesota Higher Education Services Office annually publishes reports on enrollments in Minnesota post-secondary education. Educational planners, policy makers, and the public use the data contained in this report for descriptive and research purposes.

Since 1983, this report has been generated from the Services Office's Student Enrollment Record Data Base. The Student Enrollment Record Data Base contains unit records for students enrolled during the fall in Minnesota's public and private post-secondary education institutions. Prior to 1983, the *Basic Data Series* was prepared from summary data that was supplied by individual post-secondary institutions. The first *Basic Data Series* was produced in 1974.

Starting in 1994, private career schools that have distinct academic terms and the public technical colleges were asked to provide tenth day fall data. In the past, these institutions were asked to provide unit records for students enrolled during the three-month period, July 15 through October 15. Any private career schools that do not have distinct academic terms will continue to provide data over the three-month period, as a proxy for tenth day data. All other institutions provide unit records for students enrolled on the tenth day of fall term, or the institution's official fall reporting date. Tenth day enrollment does not necessarily reflect total enrollment. Some students may register after the tenth day of classes, while others may withdraw.

Data may vary from previously published series due to corrections made after the publication date.

The report has the following four parts:

(1) Five-Year Summaries

Five-year enrollment summaries are presented for each post-secondary institution. Summarized enrollments include a total headcount, full-time and part-time, male and female, and new entering student enrollments.

(2) Residence

The county of residence for Minnesota new entering students is summarized for each system. Residency by state or foreign country is summarized by system for all students.

(3) Participation in Post-Secondary Education

Participation is presented in three ways:

- Participation rates of 1999 Minnesota high school graduates by gender are presented for each institution.
- The distribution of Minnesota new entering students by year of high school graduation is presented for each institution from 1995 to 1999.
- For each post-secondary system, ratios of new entering students who graduated from high school in 1999 are compared to all 1999 high school graduates for each county by planning region.

(4) Institution Enrollment Reports

Enrollment data are summarized by level of study, gender, and full-time or part-time attendance for each institution. Regular and extension enrollments are included separately.

Glossary

Academic Year — the period of time, typically from fall through spring, when institutions traditionally have conducted their instructional activity.

Credit-Based Instruction — organized instruction that is part of a major program of study in the technical colleges.

Extension — instructional credit courses or programs managed by an extension division or similar unit, which is separate from the regular instructional administration within an institution. (See *Regular*).

First Professional — professional school or program which requires at least two academic years of college work for entrance and a total of at least six years for a degree. Examples include chiropractic, dentistry, law, medicine, theology and veterinary medicine.

Foreign Student — a student whose residence was located outside the United States or its territories, or who was reported as a nonresident citizen in the United States on a temporary basis.

Full-time — registration for credit hours, course load, or other required activity amounting to at least 75 percent of the normal full-time load during an academic term.

Graduate — a program of studies culminating in the attainment of a master's, specialist, or doctorate degree.

Headcount — the number of individuals enrolled at a post-secondary institution.

Hour-based Instruction — organized instruction that is not part of a major program of study in the state's public technical colleges.

New Entering Student — a student who is enrolled at a post-secondary institution for the first time and who previously has not been enrolled at another post-secondary institution, except as a secondary student. This category includes students who entered with advanced standing, through college credits earned before graduation from high school, performance on Advanced Placement or International Baccalaureate exams, or other measure.

Part-time — registration for credit hours, course load, or other required activity amounting to less than 75 percent of the normal full-time load during an academic term.

Racial/Ethnic Background — the group as reported by the student. This is the group with which the student identifies. The reporting options are: American Indian or Alaskan Native; Asian or Pacific Islanders; Black, non-Hispanic; White, non-Hispanic; or unavailable.

Regular Student — a student enrolled for credit in courses or other required activity offered through what the institution has established as its regular instructional administration. (See *Extension*).

Residence — the place which the student identifies as his or her address at the time of application for admission to the post-secondary institution.

Secondary Student — a student who is concurrently enrolled in high school and a post-secondary institution.

Unclassified Graduate/Professional — a student enrolled for graduate credit whose status as a graduate or professional school student has not been specified.

Unclassified Undergraduate — student enrolled for undergraduate credit whose specific class level cannot be specified.

Part 1. Five-year Summaries

Part 1 contains the following five-year summaries of total headcount enrollments for Minnesota post-secondary institutions:

- ***Five-year Summary of Total Headcount*** presents the total number of individuals enrolled the tenth day of classes for fall terms 1995 through 1999, or the institution's official fall reporting date. The percent change columns compare fall 1999 enrollment to fall 1995 and fall 1998.

- ***Five-year Summary of Full-time and Part-time Enrollment*** presents the distribution of total headcount by enrollment status. The table also displays each institution's full-time/part-time ratios for 1995 and 1999. A full-time student is registered for credit hours, course load, or other required activity amounting to at least 75 percent of the normal full-time load during an academic term. Part-time students are registered for less than 75 percent of the normal full-time load.

- ***Five-year Summary of Male and Female Enrollment*** presents the distribution of male and female students for each institution from 1995 through 1999. Students whose gender was not known are not tabulated.

- ***Five-year Summary of Total New Entering Students*** presents total new entering students at each institution for fall 1995 through 1999. The percent change columns compare fall 1998 new entering student enrollments to fall 1995 and fall 1998.

****

Data may vary from previously published series due to corrections made after the publication date.

Not all private career schools report headcount annually, which creates some difficulties in historical comparisons.

Part 2. Residence

The residence of students is summarized by type of post-secondary institution. The residence is the place the student identified as his or her residence at the time of admission to the post-secondary institution.

For each type of post-secondary institution, residence is tabulated in two different ways:

- ***The County of Residence*** is presented for new entering students who are Minnesota residents only, along with their full-time or part-time enrollment status and gender.
- ***Students by Place of Residence*** by level of study is presented for all students. For all new entering students, their full-time or part-time enrollment status and gender are also presented. Note: *Total Undergraduate Students* includes new entering students.

****

Residence reports for individual institutions may be obtained electronically or on paper by calling the Services Office at (651) 642-0586.

Part 3. Participation in Post-Secondary Education

Participation of high school graduates in post-secondary education is presented in three ways. These tables include only Minnesota residents who were reported as *new entering students* in fall 1999.

- ***Participation Rates of 1999 Minnesota High School Graduates*** by gender are presented for each institution. The participation rate is derived by dividing the number of reported 1999 high school graduates enrolled in each institution by the total number of Minnesota 1999 high school graduates.* New entering students who did not report their year of high school graduation or gender are not included; therefore, the actual participation rate may be under represented.

- ***Distribution of Minnesota New Entering Students by Year of High School Graduation*** from 1996 through 1999 is presented for each institution. High school graduates from 1995 and earlier years are combined into one category. New entering students who did not report their year of high school graduation are not included.

- ***Participation Ratios of New Entering Students Who Graduated from High School in 1999 to All 1999 Graduates*** by county are calculated for each post-secondary system. Minnesota resident new entering students who graduated from high school in 1999 in each county are divided by the total number of high school graduates in 1999 from that county. (In fall 1994, the method of calculating participation ratios was changed. Prior to fall 1994, all new entering students were used to calculate the participation rate regardless of the year they graduated from high school). New entering students who did not report their year of high school graduation are not included.

Data may vary from previously published series due to corrections made after the publication date.

Participation ratios for individual institutions may be obtained electronically or on paper by calling the Services Office at (651) 642-0586.

* The Minnesota State Department of Children, Families and Learning provides the number of high school graduates by county.

Part 4. Institution Enrollment

Part 4 summarizes the number of students enrolled by level of study, gender, and full-time or part-time attendance at each institution in fall 1999.

Data on students who are reported as enrolling both as a regular and extension student are included in the *regular student's* category.

Total New Entering Students

Total New Entering Students for each institution appear after the *Grand Total*. Any students listed in the preceding categories who are also reported as new entering students are included. (See *Glossary* for a definition of a new entering student).

Racial/Ethnic Background

The racial/ethnic background for all students is included. Students identified with a specific racial/ethnic category such as *American Indian, Asian, Black, Hispanic,* and *white* are either United States citizens, permanent residents, or were reported as **not** residing in Canada or other foreign country.

Foreign students are identified separately and are not included in the above specific racial/ethnic categories. These students are either non-resident, non-United States citizens (this is, temporary residents), or were reported as residing in Canada or other foreign country.
